

Zachery Wells – AFS-OC Secretary Nominee

Zach grew up in New Brunswick on the Restigouche River and camping on the Bay of Fundy, but spent many of his summers with his family on Fogo Island, Newfoundland. Spending most of his time on the water, Zach and his younger brother could often be found with a small dipnet scooping up minnows or out with their uncle jigging for cod off the Atlantic coast.

Zach has lived in Kingston for most of the past 13 years, completing his B.Sc. at Queen's University and M.Sc. at Concordia University in Montreal. He, his wife Heather, and his son Calvin are happy to call southern Ontario "home". In this time, Zach has served as Secretary, Vice President, President-Elect, and President for the Ontario Chapter. He hopes to continue to serve the society for many years to come.

Zach is now an Aquatic Ecologist at AECOM where he conducts habitat and impact assessments for municipal and provincial undertakings. He can often be found on construction sites throughout southern Ontario where he oversees environmental protection and mitigation measures for works in or near water.

Outside of work, Zach can be found playing ultimate frisbee, softball, or playing outside with his toddler, Calvin, and wife, Heather.
